NATO Science for Peace and Security (SPS) Programme

SPS-supported Multi-Year Projects

Acceptance of Funds

This document is an integral component of each application for SPS-supported Multi-Year Projects (MYP). Without it, applications are considered null and void.

As stated in the SPS Multi-Year Project Handbook, the NATO country Project Director (NPD) and their institution are accountable for SPS funds and responsible for the execution of the overall budget.

The NPD must sign this Acceptance of Funds, together with a suitable representative from their institution (Head of Institution and/or Financial Authority). Their signatures confirm that – if awarded – they will be in a position to accept and manage NATO SPS funds within the approved budget and in line with the terms set out in the SPS Multi-Year Project Handbook.

A minimum of two signatures are required. Once completed, please add this file to your application on the SPS grant platform (natosps.grantplatform.com) before finalising your submission.

Project: CERTAIN-COAST — Certified early warning to protect water, port and energy infrastructure on a sinking Adriatic coast (NATO SPS Multi-Year Project, call 2027-1)

Agreement

We agree with the proposed SPS Multi-Year Project and acknowledge the grant terms set out in the SPS Multi-Year Project Handbook.

We confirm that, if awarded, we will be in a position to accept and manage NATO SPS funds within the NATO approved budget.

Signatory	Name	Job title and institution	Signature
